Dear Ms. Moore:

The Jury for the Undergraduate Award in Poetry has the pleasure of informing you that you are our unanimous first choice for the award.

We have cited your "maturity of perception and conception as well as maturity of craft. There is a wide range of complexly treated poetic experience, developed with considerable energy of invention, particularly of metaphor, and a careful sense of the sound, feel, and texture of words."

We certainly hope that you continue to write and that you have good success finding publishers of your work.

Our best wishes.

Yours sincerely,

*Sharon H. Nelson*
